# CASSIA

Winter Barley

RECOMMENDED  
VARIETY

## Ireland's most popular winter barley variety

- ✓ Consistent performer - well renowned for high yields & superb grain quality
- ✓ Excellent straw - very good resistance to lodging & brackling
- ✓ Good resistance to Net Blotch, Rust and Ramularia - needs attention for mildew and rhynchosporium
- ✓ Top variety on Rec List for bushel weight / KPH
- ✓ Only winter variety approved by Diageo (Guinness) for use as roasting barley
- ✓ Largest selling variety in Irish market for many years

“Glanbia have been supplying Cassia barley to the brewing industry in Ireland for the purpose of roasting for a number of years now. Cassia was chosen due to its superior grain quality, uniformity of sample, low screenings and excellent performance in the roasting plant. Equally, our growers are very happy to grow the variety as they know what to expect each year - good yields, consistent quality, and minimal concerns about lodging pressure in big crops.”
